THE WALTER A. WOOD MOWING & REAPING MACHINE.

Strong Local Endorsement. THE following letter fully explains itself, and

EBENSBURG, PA., April 16, 1875. To Walter A. Wood, President, etc. DEAR SIR—This is to certify that I purchased from L. & S. W. Davis, your agents in this place, during the year 1872, one of your NEW IRON MOWERS, which I have operated during the past three seasons with entire success. I have used it in cutting fully 200 acres of grass, and have not expended one cent on it for repairs. Like all other machines, it is not perfect, of course, but the other fact. of course, but the only fault I find with it is that it is not arranged with shafts for one horse instead of two, as one horse can very easily operate it is

anything like fair ground,

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma,

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Thront and Lungs. A vast throughout this and other countries, has surely and effectually

control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most yield to its power; and cases of Consump-tion, cured by this preparation, are public-iy known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, Cherer Pectoral. is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, recurring sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily

they can be cured. Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spaced in making every bottle in the utmost possible perfection. It may be confidently re-lied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
